

Very importantly, other than emergency cases, the Insurer will only cover services which have been organised for you by Teladoc Hungary Kft. and Semmelweis Egészségügyi Kft. (this is the company providing the assistance service) and which you have used with their prior approval. After these examinations/services you do not have to pay the doctor within the above limit amounts as they will be covered by the Insurer (Up to the limit, with certain exceptions. If you need care in excess to the limit amounts we will also assist you in organising that but you will be charged for it.)

If due to an accident or illness you receive emergency care (an ambulance doctor provides you treatment and then you are taken to the nearest hospital on call, or you seek emergency care at the nearest medical service unit on call on your own, which may of course happen to you anywhere in Hungary), the next day or as your condition allows you will have to call the assistance number (+36-1-461-1590) for information about what to do next. In such cases you will be charged for services and the Insurer will refund you the cost of care subsequently against an invoice taking into account the limit amounts above.

2. What should you do to have your medication costs covered by the insurer?

After the examinations, the doctor will give you a document (doctor's report, outpatient treatment report, hospital discharge report) about the received care and the prescribed medications. You must preserve these documents as we can only refund you the cost of your medications against these documents and the pharmacy invoices. If you have collected pharmacy invoices of at least HUF 5 000 (only on purchase of prescription drugs) you will have to send the invoices, the medical documents by regular post to the Insurer's claims partner Teladoc Hungary Kft. 1092 Budapest, Köztelek u. 6. City Gate Irodaház.

Then Teladoc Hungary will transfer you the money in the manner you request: If you have a bank account in Hungary we will transfer the money there, otherwise we will send it to your residential address in Budapest.

That is where you will get your personalised UniMed card; on its front you will find an assistance telephone number, the emergency number (112) and the e-mail address of Semmelweis Egészségügyi Kft. Its back contains your name and date of birth and the expiry date of the insurance. The card is only valid with a photo ID document (passport, driving licence, student ID card).

How does insurance work?

1. What you should do if you fall ill and need to see a doctor

If you feel ill and need to see a doctor you have to dial the 24-hour assistance number +36-1-461-1590 on the front of your UniMed card for an English speaking service. After giving a few data for identification (your name, passport No. etc), in a non-emergency case an appointment will be made with the Insurer's service-providing partner in Budapest for your medical care. In case of emergency, by dialing the assistance number above you can get information about where to find the geographically available general practitioner, hospital or specialist care centre on call. In the case of non-emergency care: You will have an appointment to see a doctor at a particular time who will provide the required care (all doctors of our service provider, Semmelweis Egészségügyi Kft., can offer at easily accessible locations in central Budapest - you will receive the exact availabilities from the care organiser by telephone).
